ERNST SCHERING PRIZE 2022

for pioneering basic research in biology, medicine and chemistry

Awarded annually by the Schering Stiftung, Berlin, the 50,000-euro Ernst Schering Prize is one of the most prestigious German science awards honoring scientists worldwide whose research has pioneered fundamental breakthroughs in biomedicine. A particular focus is on researchers performing future-oriented top-level research and engaging in both scientific and public debates.

INFORMATION ON THE PRIZE & THE NOMINATION PROCEDURE

| Prize money | 50,000 EUR | There are no conditions attached to the prize money |

Nomination criteria
- Eligible for application are individual scientists worldwide
  - who perform biological, medical or chemical research in the field of biomedicine,
  - whose pioneering research has in recent years resulted in new and inspiring avenues or led to breakthroughs in biomedical knowledge, and
  - who actively participate in relevant debates between science and society, or who have started initiatives to guide future generations and inspire them to further their career.
