

**Lugano Summerschool, University of Lugano, Switzerland, August 24 - 29 2020**

At the SSPH+ Lugano Summer School public health professionals, researchers and graduate students to learn together through mutual exchange in a stimulating and beautiful environment. The SSPH+ Lugano Summer School places health, disease, and health systems thinking under one common framework of coherent concepts and practical implications. The focus on public health policy, economics, management, and communication combined with the diversity of students (~120 from >30 countries each year) and facilitators has provided for a rich learning environment for over two decades so far. The education obtained and networks created serve as an opportunity to reduce and prevent the gap between public health theory and practice.
