

Funding Epidemiological Research through the German Research Foundation (DFG) - Opportunities and Pitfalls (Barbara Specius)

Barbara Specius is a program officer at the German Research Foundation (DFG). She received her PhD in Neuroscience in 2014 from the Otto-von-Guericke University Magdeburg, Germany and the Leibniz Institute for Neurobiology. She then worked for 4 years in the Editorial Office of the Journal of Neurochemistry.

Her main responsibilities at the DFG head office:

2.22-01 Epidemiology and Medical Biometry / Statistics

2.22-02 Public Health, Healthcare Research, Social and Occupational Medicine

2.22-07 Medical Informatics and Medical Bioinformatics

The event will present relevant DFG funding programs and shed light on the black box of DFG review and decision-making. We will also exchange tips on how to submit successful proposals.
